

Hello All:

I am writing to you on behalf of the executive and board of NWCC. We are all very concerned as to what has transpired with the declaration form and the points for the year end. The declaration form was implemented to try and eliminate any challenges that occur with the members and their points. However, this may not and has not been the case and must be reviewed. The decisions that the executive and the board made we felt were unavoidable because of the rules and regulations and the several interpretations that occurred. The declaration form and rules as a whole will be the first item on the agenda at the NWCC meetings in December. Please send your representatives with all your letters so that they may voice all of your thoughts and comments so we may make things better in the future.

We feel that this is a more appropriate vehicle to review what has occurred, why it occurred, and how we fix it so it does occur again.

Regards

NWCC Executive and Board of directors
